

D.A.V. PUBLIC SCHOOL, NEW PANVEL

NOTICE

23 July 2024

As directed by our apex body DAVCMC, New Delhi, it has been instructed that, DAV will not conduct or encourage any kind of Olympiads at the Elementary level (up to Class II) in the school, as these can lead to meaningless comparison among children.

For classes VI to IX, DAV will continue to organise its own Olympiads in Science, Mathematics and ICT annually. Students interested in these Olympiads are encouraged to participate like every year.

No external Olympiads other than DAV will be conducted by the school. Students who wish to take part in other Olympiads may do so independently.

For classes III to V, any Olympiads deemed suitable by the school can be conducted at the school level at the discretion of the management. Interested students can participate in these Olympiads.

Regards,
School Management
